

## Pillow Block EDX SBFCT 206-19

Pillow Block

### OVERVIEW

#### Product specifications

|                                                        |                                          |                                               |                  |
|--------------------------------------------------------|------------------------------------------|-----------------------------------------------|------------------|
| Bearing number                                         | <b>EDX SBFCT 206-19</b>                  | Width of Inner Ring (Bi ( mm ))               | <b>30</b>        |
| Inner Dimension (d ( inch and mm))                     | <b>1 <sup>3</sup>/<sub>16</sub> inch</b> | Distance front side/bearing centre (n ( mm )) | <b>8</b>         |
| Shaft diameter (d ( mm ))                              | <b>30</b>                                | Bolt Size                                     | <b>M10</b>       |
| Housing width / diameter (a ( mm ))                    | <b>56.3</b>                              | bearing no.                                   | <b>SA 206-19</b> |
| Mounting holes distance (e ( mm ))                     | <b>78.38</b>                             | Housing No.                                   | <b>FCT 206</b>   |
| Distance mounting surface to bearing center (i ( mm )) | <b>12.1</b>                              | Weight                                        | <b>0.57</b>      |
| Housing Height (L ( mm ))                              | <b>22.2</b>                              | Speed Tolerances Grades (J7)                  | <b>4500</b>      |
| Mounting hole dimension (S ( mm ))                     | <b>10.3</b>                              |                                               |                  |
| Total height from mounting surface (Z ( mm ))          | <b>34.1</b>                              |                                               |                  |
