

## Pillow Block EDX SBFCT 207-20

Pillow Block

### OVERVIEW

#### Product specifications

|                                                        |                          |                                               |                  |
|--------------------------------------------------------|--------------------------|-----------------------------------------------|------------------|
| Bearing number                                         | <b>EDX SBFCT 207-20</b>  | Width of Inner Ring (Bi ( mm ))               | <b>32</b>        |
| Inner Dimension (d ( inch and mm))                     | <b>1 1/4 inch</b>        | Distance front side/bearing centre (n ( mm )) | <b>8.5</b>       |
| Shaft diameter (d ( mm ))                              | <b>35</b>                | Bolt Size                                     | <b>M10</b>       |
| Housing width / diameter (a ( mm ))                    | <b>61</b>                | bearing no.                                   | <b>SA 207-20</b> |
| Mounting holes distance (e ( mm ))                     | <b>86.59999999999999</b> | Housing No.                                   | <b>FCT 207</b>   |
| Distance mounting surface to bearing center (i ( mm )) | <b>13</b>                | Weight                                        | <b>0.71</b>      |
| Housing Height (L ( mm ))                              | <b>24</b>                | Speed Tolerances Grades (J7)                  | <b>4000</b>      |
| Mounting hole dimension (S ( mm ))                     | <b>10.3</b>              |                                               |                  |
| Total height from mounting surface (Z ( mm ))          | <b>36.5</b>              |                                               |                  |
