

## Pillow Block EDX UCFA 209-27

Pillow Block

### OVERVIEW

#### Product specifications

|                                                        |                                           |                                               |                  |
|--------------------------------------------------------|-------------------------------------------|-----------------------------------------------|------------------|
| Bearing number                                         | <b>EDX UCFA 209-27</b>                    | Total height from mounting surface (Z ( mm )) | <b>52.2</b>      |
| Inner Dimension (d ( inch and mm))                     | <b>1 <sup>11</sup>/<sub>16</sub> inch</b> | Width of Inner Ring (Bi ( mm ))               | <b>49.2</b>      |
| Shaft diameter (d ( mm ))                              | <b>45</b>                                 | Distance front side/bearing centre (n ( mm )) | <b>19</b>        |
| Housing width / diameter (a ( mm ))                    | <b>179</b>                                | bearing no.                                   | <b>UC 209-27</b> |
| Mounting holes distance (e ( mm ))                     | <b>148</b>                                | Housing No.                                   | <b>FA 209</b>    |
| Distance mounting surface to bearing center (i ( mm )) | <b>22</b>                                 | Weight                                        | <b>1.7</b>       |
| Housing foot height / flange height (g ( mm ))         | <b>16</b>                                 | Speed Tolerances Grades (J7)                  | <b>3200</b>      |
| Housing height (L ( mm ))                              | <b>40</b>                                 |                                               |                  |
| Mounting hole dimension (S ( mm ))                     | <b>16</b>                                 |                                               |                  |
