

## Pillow Block EDX UCFB 203-11

Pillow Block

### OVERVIEW

#### Product specifications

|                                                        |                                      |                                               |           |
|--------------------------------------------------------|--------------------------------------|-----------------------------------------------|-----------|
| Bearing number                                         | EDX UCFB 203-11                      | Width of Inner Ring (Bi ( mm ))               | 31        |
| Inner Dimension (d ( inch and mm))                     | 11 <sup>1</sup> / <sub>16</sub> inch | Distance front side/bearing centre (n ( mm )) | 12.7      |
| Shaft diameter (d ( mm ))                              | 17                                   | bearing no.                                   | UC 203-11 |
| Mounting holes distance (e ( mm ))                     | 32                                   | Housing No.                                   | FB 203    |
| Distance mounting surface to bearing center (i ( mm )) | 15                                   | Weight                                        | 0.64      |
| Housing foot height / flange height (g ( mm ))         | 13                                   | Speed Tolerances Grades (J7)                  | 6500      |
| Mounting hole dimension (S ( mm ))                     | 10                                   |                                               |           |
| Total height from mounting surface (Z ( mm ))          | 33.3                                 |                                               |           |
